Pump Rebuild Services

- Replacement of normal wear items, including vanes, bearings, shaft seals, gaskets, O-rings, discharge filters and oil filter. If additional parts need replacement, we will provide a specific quote for those parts.
- Cleaning of pump, cylinder honing, assembly, testing and painting.
- All pumps are rebuilt to meet manufacturer axial and radial tolerances/clearances i.e. rotor to cylinder and rotor to end plate.
- Warranty is 1 year from time of completion from the factory.
- Trade In/Core Credit is available for pumps that are in reusable condition. Core credit is applied to your purchase of a new or fully rebuilt pump.
- Scheduled free local pick-up and delivery within 50 miles of our factory in Gurnee, IL.

Rely on Ohio Medical's experienced Service Department to keep your vital equipment up and running!
